1. The Jonny Scheer units I through VII are being constructed for the East German electric power development program and are to be installed in a large power plant near Meuschwitz. This new power capacity is intended for general distribution to consumers. It is expected that units I and II will be put into operation on 1 January 1954.
2. Boilers, turbines and generators for the Jonny Scheer units are being built in the plant of Bergmann-Borsig.
